Educational Questions

Part of our mission is to connect youth and adults with nature in meaningful ways. We want your class to enjoy an outdoor classroom experience that facilitates learning and growth through nature. The following questions are to help us learn about your class and what they are learning in school.

Is your class studying a nature related topic or have they or will they this school year?
Please share what topics:

Would you like part of your field trip to include a guided 15 - 20 minute educational activity? If yes, and if you have an idea please explain: Below are some educational areas our staff can focus on. Please check topics you would be interested in.

Pollinators

Seeds/Germination

Mindfulness

Wildlife

Great Lakes/Lake Michigan

Vegetable Gardening

Trees

Chickens
